*Archery Products the Pros Depend On!*

Specialty Archery friends,

I would like to take this opportunity to again thank our customers for the business over the years, and for helping to contribute to the success of Specialty Archery and Bodoodle this past year. Without you, our customers, we would not be in business. For that, we say thanks.

It is hard to believe that another year has gone by since last year's catalog. We purchased Bodoodle in the summer of 2009 and were fully operational July 1st. Like I said, I can't believe it has already been over a year! But, I guess that is what happens when you are able to do what you are passionate about every day. It is extremely rewarding for us to be in an industry with so many others who share our passion for archery, bowhunting, and the outdoors. We enjoy hearing about your hunting success stories as well as your tournament victories. And, when you are using Specialty Archery or Bodoodle products, we are honored to be a part of that success.

Our goal here at Specialty Archery and Bodoodle has always been simple: to design and manufacture high quality archery products that are dependable and innovative.

Have a safe and successful 2011 competitive archery and hunting season! And once again, thank you for being a loyal Specialty Archery and Bodoodle customer.

We'll see you out there!

*Michael V. Anderson*

# What's new in 2011?

**Adjustable V-Bar**  
VBAR-ADJ- \$60.00

- Specialty Archery is now offering a fully adjustable V-Bar
- See page 10 for details

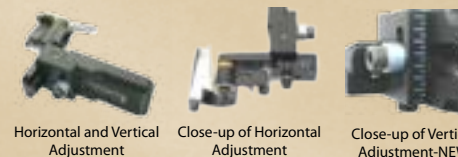

**#4 Silver Verifier**  
1/4" 753-10 - \$27.00  
1/8" 750-10 - \$25.00

- Due to the popularity of the verifier, Specialty Archery is now offering a #4 verifier.
- The #4 verifier is slightly weaker than any verifier previously offered
  - Designed for hunters needing a minimal amount of assistance to see the pins.

**1/4" Green #2 Clarifier**  
753-42- \$27.00

Specialty Archery is now offering the #2 Green clarifier in 1/4" size

- Recommended for 4X to 6X scope lenses
- Larger opening allows more light transmission than our standard size clarifiers for better low light shooting.
- Designed for hunters using a lens in their pin sight.
- Provides an extremely clear view of the target when using a scope lens for more precise shooting.

Horizontal and Vertical Adjustment    Close-up of Horizontal Adjustment    Close-up of Vertical Adjustment-NEW

**Timberdoodle II**  
TD2-RH-BLK shown - \$80.00

- Same great features as the original Timberdoodle but now with over 1" of vertical travel!
- See page 17 for details

749-37 L    749-37 LH

**1/4" Large Non-Hooded Aluminum Peep**  
749-37L \$22.00 (\$25.00 for colored)

- Specialty Archery is now offering a non-hooded version of its popular 1/4" peep housing
- See page 4 for details

**Redesigned Feather Lite Stabilizers**

- Specialty Archery has redesigned their popular Feather Lite stabilizer lineup to include a machined aluminum base with an integral quick disconnect attachment system.
- See page 10 & 12 for details

# Specialty Archery Peep System

Specialty Archery Peeps and Pro Series Peeps are the most versatile peeps ever designed.

- Different size apertures interchange without removing the peep from the string (See apertures available on page 3)
- Also works with optional Specialty Archery Clarifiers (See page 3) and Verifiers (See Page 5)
- Peeps and apertures are anodized with a matte finish to reduce glare.
- Available in 37 and 45 degree string groove angles for optimal performance with your bow- See chart below to determine proper string groove angle for your bow.
- Hooded Pro Series peep is 25% lighter than the original Hooded Specialty Archery Peep for increased speed
- Colors available: black, blue, green, red, camo, silver, and pink (NEW).

**Specialty Archery Peep (Non-hooded)**

**749-37 and 749-45 - \$15.00 (\$18.00 for colored)**

**Pro Series Peep (Hooded)**

**749-37 PS & 749-45 PS - \$19.00 (colored \$22.00)**

## Additional Accessories:

**Dual Aperture Wrench** 210078 - \$4.00

**Storage Case** 210000- for peep, apertures, clarifiers, verifiers and dual aperture wrench - \$2.00

# Apertures & Clarifiers

Apertures will fit in all Specialty Archery peeps. The use of a Peep Reducer (753-3, see page 4) is needed for the apertures to fit into the 1/4" Peeps. Individual apertures - \$11.00. 5 aperture sizes available. (See below)

**719 - 1/32" \$11.00    743 - 3/64" \$11.00    744 - 1/16" \$11.00    745 - 3/32" \$11.00    746 - 1/8" \$11.00**

**Specialty Archery Aperture Kits-** contains apertures, a Dual Aperture Wrench, and a Storage Case.

- 749-005** Five Apertures (1/32, 3/64, 3/32, 1/16, and 1/8) \$37.00
- 749-123** Three Smallest Apertures (1/32, 3/64, and 1/16) \$28.00
- 749-234** Three Middle Apertures (3/64, 1/16, and 3/32) \$28.00
- 749-345** Three Largest Apertures (3/32, 1/16, and 1/8) \$28.00

*Check our website for dealers in your area with an aperture display!*

*Check our website for dealers in your area with a clarifier display!*

## Clear up the target with CLARIFIERS

For the target shooter, there are three different power clarifiers available. The clarifiers will help make the target crystal clear, allowing you to pick out target details at a distance. The first step in using a clarifier is to choose the correct hole size. The stronger the lens, the more powerful the clarifier needed. See Charts for suggestions.

Lens Power	Suggested Clarifier
2 power	#1 Yellow
3 power	#1 Yellow
4 power	#1 Yellow or #2 Green
6 power	#2 Green
7 power	#2 Green or #3 Red
8 power	#2 Green or #3 Red

Scope	Suggested Hole Size
040-2 1 3/8", 040-3	1/32, 3/64 or 1/16 aperture
040-1 1 5/8"	3/64, 1/16, or 3/32 aperture
1011 Super D, 040-4	3/32, 1/8 or 1/4 aperture

Aperture Diameter	#1 Yellow Clarifier	#2 Green Clarifier	#3 Red Clarifier
1/32"	part # 727	part # 728	part # 729
3/64"	part # 724	part # 725	part # 726
1/16"	part # 734	part # 737	part # 740
3/32"	part # 735	part # 738	part # 741
1/8"	part # 736	part # 739	part # 742
1/4"	part # 753-41	part # 753-42

753-1 - 1/4" \$12.00

Silicone Tubing  
753-6 - \$5.00

Dual Aperture Wrench  
210078 - \$4.00

# The VERIFIER - Old Eyes Made New Again!

Don't let changes in your vision compromise your ability to make the shot!

The revolutionary Verifier has brought hunting back to life for archers who no longer see their pins clearly. The Verifier screws into all of Specialty Archery standard 1/8" peeps (750, 749-37, 749-37PS, 749-45, 749-45PS) or 1/4" peeps (753, 749-37LH, 749-37L). The Verifier lenses sharpen the sight picture so the pins are easy to see. The Verifiers may be purchased separately or in a kit. There are 6 different powers available. The #4 lens is the weakest and the #9 lens is the strongest. Check out our website or page 20-21 for a dealer with the Verifier Display to find the power that is right for you.

624C or 624O (for 040-4 scopes) \$4.00 (2/pkg)

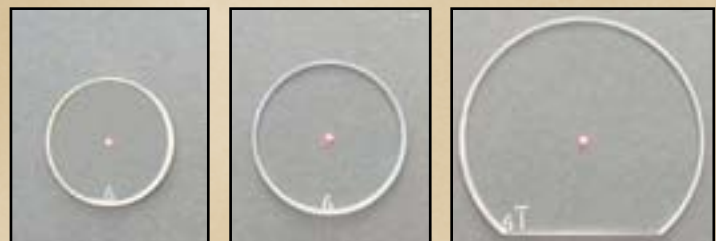

# The Lens Makes The Difference!

The original Super Scope **Excalibur Tuff Glass Lens** is made from high quality optical, coated and tempered glass. This results in a lens that has an extremely clear image with 99.5% light transmission. All of Specialty Archery's lenses are optically centered, which is extremely important in choosing a lens. The lenses are available in 2, 3, 4, 6, 7, and 8 power. (Super D not available in 7 power) For use with all Specialty Archery Scopes.

<b>Excalibur Lens for 040-2 (1.125")</b> \$60.00	<b>Excalibur Lens for 040-1 and 040-3 (1.345")</b> \$60.00	<b>Super D Excalibur (2.167"x1.905")</b> \$78.00	<b>Pro Series XL Excalibur Lens for 040-4 (1.75")</b> \$78.00
---	---	---	--

The **Excalibur Tuff Glass Glow Lens** comes with your choice of hole size (.020, .030, .040, or .060) with one red and one green fiber. The lenses are available in 2, 3, 4, 6, 7, and 8 power. (Super D not available in 7). For use with the 040-1, 040-2, 040-3, and 1011 Super Scope Housings. *Not available for Pro Series XL (040-4) Scope*

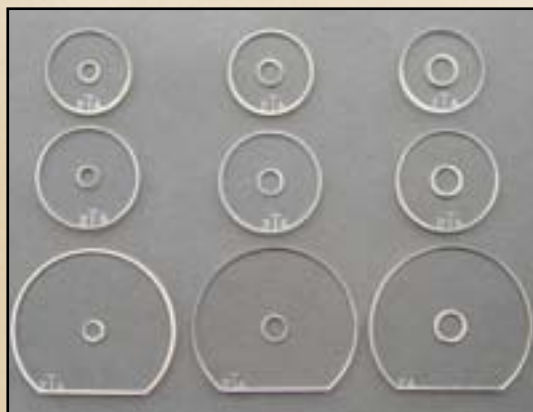

<b>Glow Lens for 040-2 (1.125")</b> \$88.00	<b>Glow Lens for 040-1 and 040-3 (1.345")</b> \$88.00	<b>Super D Glow Lens</b> \$96.00 (2.167" x 1.905")
---	---	---

### Glow Fiber sizes available

The **Excalibur Dual Lens** is a significant improvement in lens design. The concept of the dual lens is to magnify the spot you are shooting at and also give slight magnification to the rest of your target. This has been proven to reduce target panic and allows you to settle onto your target more comfortably. Both parts of the lens are optically centered, which is very important when choosing a lens. For use with the 040-1, 040-2, 040-3, and 1011 Super Scope housings. *Not available for Pro Series XL (040-4) Scope*

<b>Dual Lens \$149.00</b>	<b>Super D \$159.00</b>

# Target and 3-D Stabilizers

## Specialty Archery V-Bar

VBAR-ADJ - \$60.00

**NEW!**

- Specialty Archery is now offering a fully adjustable V-Bar:
- Allows for positioning of the side rods anywhere from horizontal to 90° down, and in a 180° arc from front to back
  - Works with all Specialty Archery stabilizers
  - Includes an optional Wrist Sling
  - May also be used with a single side stabilizer rod
  - Color options: Black

## Ultra Lite Stabilizers

The **Ultra Lite** is a 3 rod stabilizer made from thinner carbon rods for archers who prefer a smaller and lighter stabilizer. The 12" through 36" Ultra Lite Stabilizers have additional Navcom sliders for added adjustability. The stabilizer has an internal Quick Disconnect for easy removal.

**Optional weights and parts sold on page 12.**

- Available in 6, 8, 10, 12, 18, 24, 30, and 36 inch lengths.

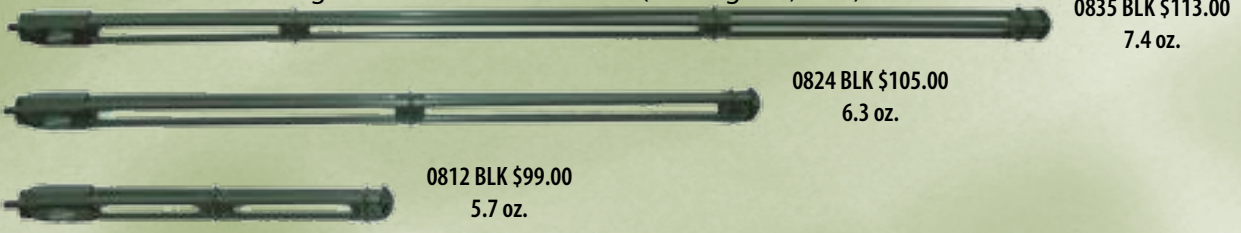

- 36BLK \$96.00 (5.06 oz)
- 30BLK \$86.00 (4.65 oz)
- 24BLK \$81.00 (4.27 oz)
- 18BLK \$78.00 (4.0 oz)
- 12BLK \$69.00 (3.48 oz)
- 10BLK \$57.00 (3.27 oz)
- 8BLK \$53.00 (3.16 oz)
- 6BLK \$53.00 (2.35 oz)
- 12BLK-T \$107.00
- UltraLite Quick Disconnect 943U \$13.00
- UltraLite Base 4.80013 \$16.00

The UltraLite with Tuning Rod (12BLK-T shown) option is available in 10, 12, 18, 24, 30, and 36 inch lengths. The tuning rod offers length adjustability for improved arrow groupings and allows the archer to achieve perfect balance. It also allows for maximum shock reduction.  
 10BLK-T \$99.00 (3.95 oz, ext 6.5"), 12BLK-T \$107.00 (4.35 oz, ext 7.5"), 18BLK-T \$117.00 (5.62 oz, ext 11"), 24BLK-T \$130.00 (6.52 oz, ext 16"), 30BLK-T \$136.00 (7.23 oz, ext 17"), 36BLK-T \$144.00 (7.85 oz, ext 17")

## Feather Lite Target Stabilizers

Specialty Archery has redesigned their popular Feather Lite stabilizers to include a machined aluminum base with an intergral quick disconnect attachment system. With just ½ turn, the stabilizer can be easily removed from the bow, allowing the bow to be easily stored in a bow case.

- Feather Lite stabilizers are made from larger and stiffer carbon rods than the 3-rod Ultra Lite.
- Available in lengths of 12", 24", and 35" and black only.
- Feather Lite Hunting stabilizers are also offered (See Page 12, & 13)

- 0835 BLK \$113.00 (7.4 oz.)
- 0824 BLK \$105.00 (6.3 oz.)
- 0812 BLK \$99.00 (5.7 oz.)

Stabilizers covered by patents D448.827S, D439.947 S, and 6.431.163 B1

# Target and 3-D Stabilizers

## Super Stix Stabilizers

The **Super Stix** has SVL Navcom™ slider to absorb noise and shock. It also has a built in quick disconnect for swift and easy removal. **Optional weights sold on page 12.**

- Available in 10, 12, 24, 30, and 36 inch lengths.
- The Super Stix with Tuning Rod option available in 10, 12, 24, 30 and 36 inch lengths. The tuning rod offers length adjustability for improved arrow groupings and allows the archer to achieve perfect balance. It also allows for maximum shock reduction.

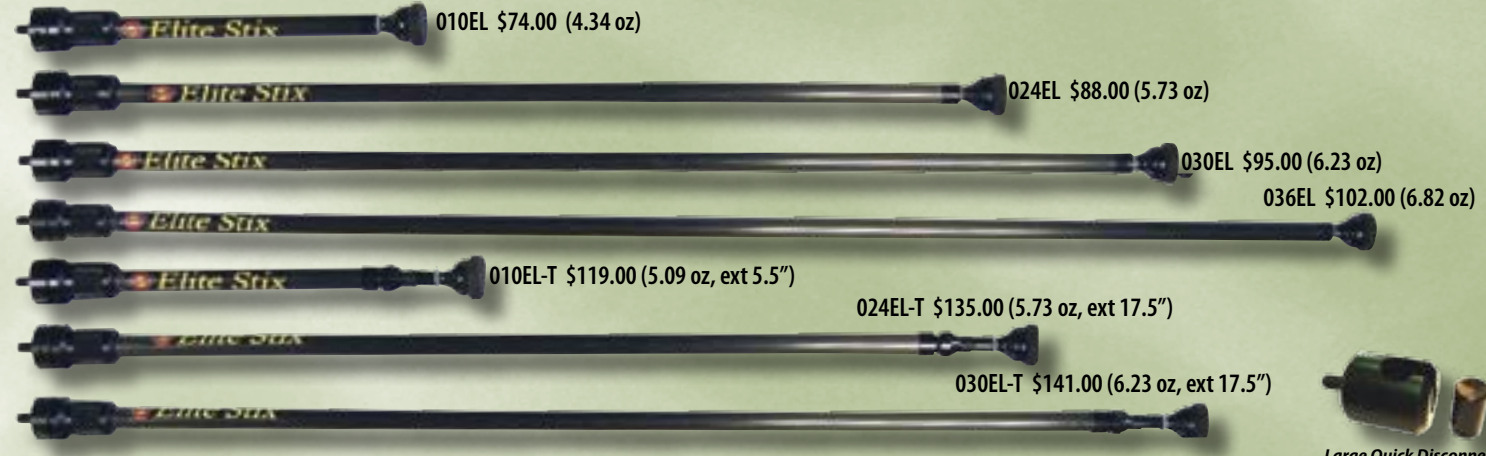

- 4 Rod Quick Disconnect 9435 \$13.00
- 4 Rod Navcom Slider w/weights 941N \$23.00
- 4 Rod Navcom Slider 940NW \$13.00
- Super Stix Ball 942 \$21.00
- Super Stix Base 943 \$18.00
- 936BLK \$152.00 (12.8 oz)

- 912BLK \$103.00 (10.2 oz)
- 910BLK \$97.00 (9.9 oz)
- 936BLK-T \$168.00 (12.82 oz, ext. 17")
- 930BLK-T \$162.00 (11.84 oz, ext 16.5")
- 924BLK-T \$156.00 (10.08 oz, ext 13.5")
- 912BLK-T \$145.00 (8.15 oz, ext 5.5")
- 910BLK-T \$136.00 (7.9 oz, ext 5.5")

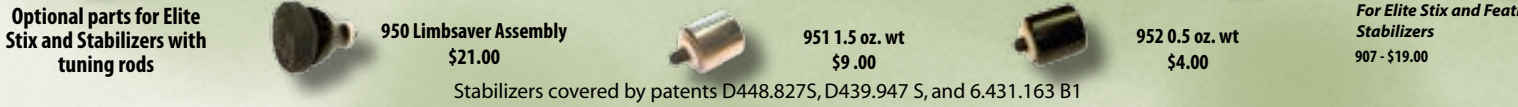

## Elite Stix Stabilizers

The **Elite Stix** is made from high modulus light weight carbon. It has a low profile for maximum wind resistance. There is the option to add additional 1/2 oz (Part 952) or 1 1/2 oz (Part 951) weights to the end of the stabilizer.

- Available in 10, 24, 30, and 36 inch lengths.
- The Elite Stix with Tuning Rod option is available in 10, 24, and 30 inch lengths. The tuning rod offers length adjustability for improved arrow groupings and allows the archer to achieve perfect balance. It also allows for maximum shock reduction.

- 010EL \$74.00 (4.34 oz)
- 024EL \$88.00 (5.73 oz)
- 030EL \$95.00 (6.23 oz)
- 036EL \$102.00 (6.82 oz)
- 010EL-T \$119.00 (5.09 oz, ext 5.5")
- 024EL-T \$135.00 (5.73 oz, ext 17.5")
- 030EL-T \$141.00 (6.23 oz, ext 17.5")

- Optional parts for Elite Stix and Stabilizers with tuning rods
- 950 Limbsaver Assembly \$21.00
- 951 1.5 oz. wt \$9.00
- 952 0.5 oz. wt \$4.00
- Large Quick Disconnect For Elite Stix and Feather Lite Stabilizers 907 - \$19.00

Stabilizers covered by patents D448.827S, D439.947 S, and 6.431.163 B1

# Feather Lite Hunting Stabilizers

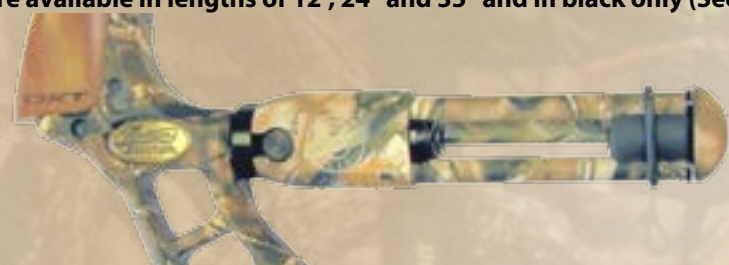

Specialty Archery has redesigned their popular Feather Lite stabilizer lineup to include a machined aluminum base with an integral quick disconnect attachment system. With just 1/2 turn, the stabilizer can be easily removed from the bow, allowing the bow to be easily stored in a bow case.

The Feather Lite stabilizers are built using three high modulus carbon rods that make them both light and stiff. The Feather Lite is designed to allow the shooter to place the weight exactly where it is needed to achieve perfect balance. The weights are held in a vibration-dampening Navcom slider. These weights are interchangeable, so you not only get perfect balance, but you'll also be able to absorb any extra noise created when shooting the bow.

Feather Lite hunting stabilizers are available in 6", 8" and 10" lengths. They are available in black and in several popular camo patterns:

- Realtree Hardwoods (CA-1)
- Realtree Hardwoods Green (CA-2)
- Realtree AP Repeat (CA-5)
- Lost Camo from Mathews (CA-6)

Target stabilizers are available in lengths of 12", 24" and 35" and in black only (See page 10).

# Bodoodle Arrow Rests Pro Lite

- Compensates for all forces exerted on an arrow at launch, and speeds the arrow on its way without interference of any kind.
- Lightweight at 2.9 ounces, and is made of rugged 6061 T-6 aluminum.
- Adjustable windage and elevation for perfect arrow flight in seconds. Features a zero play frictionless yoke assembly and jewel-like bearings for extremely quiet and worry-free shooting.
- Will mount on any compound bow, and will accommodate all arrow sizes and materials. The rest prongs are well protected from snags and falls.
- Comes standard with 2 stainless steel .015 thickness Speed Fins.
- Other fins available - see page 19
- Included are 4 strips of "Smoke Quiet" silencing tape to ensure a quiet draw when hunting.
- Right or Left handed.

## Pro 500

PRO-RH-BLK shown  
\$140.00

The Pro 500 is the rest of choice for many competitive and professional shooters. It has earned the respect of world class bow hunters and top money winning 3-D and target archery competitors.

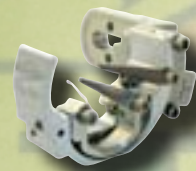

- The Pro-500 is quiet and easy to adjust with lateral, vertical, and vernier adjustments, allowing perfect arrow flight in seconds.
- Vernier adjustment allows fin position to be changed easily - can be adjusted to suit both release and finger shooters.
- Features a zero play frictionless yoke assembly and jewel-like bearings for extremely quiet and worry free shooting.
- The rest fins are well protected from snags and falls.
- Lightweight at 5.3 ounces, and made of rugged 6061 T-6 aluminum.
- Will mount on any compound bow, and will accommodate all arrow sizes and materials.
- Comes standard with 2 stainless steel .015 thickness Speed Fins.
- Included are 4 strips of "Smoke Quiet" silencing tape to ensure a quiet draw when hunting.
- *Other fins available - see page 19*

## Game Dropper

The Game Dropper is an excellent choice for hunting or target applications.

- There are no cables, slides, tubing, rods, or strings.
- Made of rugged 6061 T-6 aluminum.
- It is easy to adjust and fine tune with an out of the way precision spring adjustment.
- The rest features quick, laser-engraved horizontal and vertical scale for perfect tuning.
- The horizontal and vertical adjustments lock down tight with a heavy 10/24 tension screw to hold rock solid.
- The Game Dropper comes standard with two stainless steel .015 thick Speed Fins for perfect arrow delivery.
- Included are 4 strips of "Smoke Quiet" silencing tape to ensure a quiet draw when hunting.
- *Other fins available - see page 19*

Color Options: Black Camo Silver  
Right or Left handed

## Timber Rattler II

TR2-RH-BLK shown - \$82.00

The Timber-Rattler and Timber Rattler II are perfect for competition target and 3-D shooting.

- Mounts to any compound bow and accommodates all arrow sizes and materials.
- Features easy set-up and has a laser-etched scale for easy windage and elevation adjustments.
- Timber Rattler II has additional launcher angle adjustment for fine tuning.
- Stainless steel .010 lizard tongue with built in vibration dampener comes standard.
  - Additional launchers sold separately (See Page 19)
  - NOW AVAILABLE - the Cousins Best Blade (See Page 19)
- Classic Bodoodle design has guard to prevent damages to your lizard tongue.
- Color Options: Black
- Left or Right handed

## Timberdoodle II

\*The original Timberdoodle

The Timberdoodle Series are specifically designed for finger shooters.

- Lightweight and made of rugged 6061 T-6 aluminum.
- Features a zero play pivoting yoke assembly for extremely quiet and worry-free shooting.
- Will accommodate all arrow sizes and materials
- Comes standard with 1 Hunter Fin (on bottom) and 1 Speed fin (on the side) for perfect arrow flight
- Other fins available - see page 19
- Includes 4 strips of "Smoke Quiet" silencing tape to ensure a quiet draw when hunting.
- Color Options: Black
- Right or Left Handed

## Zapper

- The Zapper features top loading convenience and full containment of the arrow shaft for the perfect bow hunting rest without the fletching damage.
- Delivers unconditional value and excellent performance in any bow-hunting situation.
- It is easy to tune for any size arrow.
- Arrows zip silently through the Zapper on "Smoke Quiet" silencing tape with increased speed and no damage to the fletching.
- Cradles your arrow at all angles.
- Available in standard and High Performance (HP) configurations.
- HP model offers a slight overdraw for archers wanting to maximize arrow speed.
- *Other fins available - see page 19*

The Zapper 300 and Zapper 300HP have 2 side support fins and 1 bottom fin.

## Boodoodle Accessories

**IT-001**  
\$9.00

**Insert Tools** — Excellent for holding insert securely while hot melt or epoxy is applied. Helps prevent glue from getting into the insert opening. Works well for insertion or removal of inserts. Includes 1 stick of Bohning Ferr-L-Tite adhesive.

**BPC-002 \$2.00**  
Cork Bumpers — replacement cork bumper for Boodoodle rests

**BPR-003 \$2.00**  
Rubber Bumpers — replacement rubber bumper for Boodoodle rests

## Fins

**Speed Fins - \$4.00 - for use with Pro Lite, Pro Lite II, Pro 500, Game Dropper, and Bullet**

- SRF-015 .015 thick Speed Fin (recommended for arrows under 550 grains)
- SRF-023 .023 thick Speed Fin (recommended for arrows over 550 grains)

**Hunter Fins - \$4.00 - for use with Pro Lite, Pro Lite II, Pro 500, Game Dropper, Bullet, and Doodle Drop**

- HRF-015 .015 thick Hunter Fin (recommended for arrows under 550 grains)
- HRF-023 .023 thick Hunter Fin (recommended for arrows over 550 grains)

**Zapper 300 fins - \$4.00 - include 2 side support fins and 1 bottom fin - for use with Zapper 300 ONLY**

- ZRF-315 .015 thickness Zapper 300 replacement fins (recommended for arrows under 550 grains)
- ZRF-323 .023 thickness Zapper 300 replacement fins (recommended for arrows over 550 grains)

**Zapper 400 fins - \$5.00 - include 2 side support fins and 2 bottom fin - for use with Zapper 400 ONLY**

- ZRF-415 .015 thickness Zapper 400 replacement fins (recommended for arrows under 550 grains)
- ZRF-423 .023 thickness Zapper 400 replacement fins (recommended for arrows over 550 grains)

**Timberdoodle Fins - \$4.00**

- TRF-L01 .015 thickness Left Hand (recommended for arrows under 550 grains)
- TRF-L02 .023 thickness Left Hand (recommended for arrows over 550 grains)
- TRF-R01 .015 thickness Right Hand (recommended for arrows under 550 grains)
- TRF-R02 .023 thickness Right Hand (recommended for arrows over 550 grains)

**Launchers - for use with Timber Rattler and Timber Rattler II ONLY**

(\*Note - Slight modification to the rest will be required when installing the Cousins Best Blade onto the original Timber Rattler)  
Made from spring steel, the Cousins Best Blade is resistant to bending and cracking

- CBB-008 .008 thickness launcher (recommended for arrows up to 325 grains)
- CBB-010 .010 thickness launcher (recommended for arrows from 325 grains to 425 grains)
- CBB-012 .012 thickness launcher (recommended for arrows over 425 grains)

**Lizard Tongue Launchers - \$8.00**

- LT-010 .010 thickness launcher (recommended for arrows from 325 grains to 425 grains)
- LT-012 .012 thickness launcher (recommended for arrows over 425 grains)

## Rest Silencing Materials

Shown installed on Speed Fins on Bullet arrow rest

**Doodle Slicks** — silencers for Boodoodle rests (except Timber Rattler). Slides easily onto the rest fins, no heat or glue required. Prevents noise when drawing the arrow across the rest fins.

**SLK-002 (comes with 2 Doodle Slicks) \$3.00**

**SLK-003 (comes with 3 Doodle Slicks) \$4.00**

**SQT-012 \$4.00**

**Smoke Quiet Tape** — Replacement silencing tape for all Boodoodle rest fins (except Timber Rattler). Prevents noise when drawing the arrow across the rest fins. Includes 12 strips per package.

**Cousins Best Blade Launchers - \$9.00**

(\*Note - Slight modification to the rest will be required when installing the Cousins Best Blade onto the original Timber Rattler)  
Made from spring steel, the Cousins Best Blade is resistant to bending and cracking

- CBB-008 .008 thickness launcher (recommended for arrows up to 325 grains)
- CBB-010 .010 thickness launcher (recommended for arrows from 325 grains to 425 grains)
- CBB-012 .012 thickness launcher (recommended for arrows over 425 grains)
